I pay my respects to the Sun, who is as radiant as the Japanese Rose flower, possesses great brilliance, is the destroyer of darkness, eliminates all sins, and is the son of Sage Kashyap. I salute the Moon, who is as radiant as curd, conch, and frost, emerged from the Milky Ocean, is the crown jewel of Lord Shiva, and symbolizes the nectar of life. I bow to Mars, who was born from Mother Earth, whose radiance is comparable to lightning, who is in his youth and holds power in his hands. I pay respects to Mercury, the son of the Moon, who is as deeply green as the bud of the Priyangu creeper, who possesses incomparable beauty and is endowed with tranquil qualities. I salute Jupiter, the teacher of gods and sages, who glows like gold, is endowed with wisdom, and is the lord of all the worlds. I salute Venus, who is as white as the snow, jasmine, and the stem of the lotus, who is the supreme teacher of the demons, the preacher of all scriptures, and the son of Sage Bhrgu. I bow to Saturn, who glows with the blue-black sheen of kohl, who is the son of the Sun, the elder brother of Yama, and was born from Chhaya and Martand (Sun). I pay my respects to Rahu, who is half-bodied, greatly powerful, known to swallow the Sun and the Moon, and who was born from the womb of Simhika. I bow to Ketu, whose radiance is like the flower of a Palasa plant, who is of a Rudra (ferocious) nature and the son of Rudra, who is fearsome, and is the head of the stars and planets. One who reads this prayer (that emerged from the mouth of Lord Veda Vyasa) during the day or at night with single-minded concentration, finds all his obstacles removed. The nightmares of men, women, and kings are destroyed. Those who read this gain exceptional wealth and health and see an increase in their strength.

Sudarshan Chakra indicates the cumulative influence of benefic and malefic planets as reckoned from : (i) the Ascendant, (ii) the Moon and (iii) the Sun at a glance. This also pinpoints the corresponding age-periods during which those influences will operate.

If the influences are of natural benefic planets (Jupiter, Venus, Mercury, Waxing Moon) only, then the whole year will be enjoyable and auspicious events will take place.

If the influences are of natural malefic planets (Mars, Saturn, Rahu, Ketu, Sun, Waning Moon) only, then the year might be problematic and inauspicious happenings are likely to take place.

Vimshottari Dasha is a system used in Vedic astrology for determining the planetary periods, also known as dashas, in a person's life. The word 'Vimshottari' means '120' in Sanskrit, which represents the total number of years in a complete cycle of all the planetary periods.

The system is based on the position of the Moon at the time of a person's birth, and it assigns certain periods of time to each of the nine planets of Vedic astrology. Each planet has a specific number of years assigned to it, ranging from 6 to 20 years, depending on its position in the system.

During each planetary period, the planet in question is said to have a significant influence on a person's life. This influence can be positive or negative, depending on the individual's birth chart and the specific planetary alignments at the time.

Vimshottari Dasha is considered an important tool in Vedic astrology, as it provides a detailed and accurate system for predicting major events and changes in a person's life. It is widely used by astrologers to make predictions about career, relationships, health, and other aspects of a person's life, and can be a valuable tool for those seeking guidance or insight into their future.

The reality is that if a person maintains their health, their life is considered vibrant, and they can fully enjoy the pleasures of life, otherwise they will be deprived of any kind of happiness. In this field, competition is not the only obstacle, there are many others. The current education system requires initial investment of money to make it a means of earning money. Such obstacles have to be overcome socially by everyone, but sometimes personal obstacles also start appearing in the path of education. Due to these obstacles, a person's future and development gets affected, or in short, every aspect of their life gets affected. Therefore, every individual wants either they or their offspring to acquire the highest education possible, but due to these obstacles, it's not possible for everyone. From the perspective of astrology, the influence of planets is also included in the obstacles that come in a person's education. Education gets affected during the unfavorable period of planets. If you chant the seed mantra of the Ascendant lord, your health will always be excellent because the Ascendant lord is considered to be the signifier of health. The lord of the 5th house is known as the Ishta Graha (favored planet). If you chant the seed mantra of the Ishta Graha, your intellect and strength will increase, and through your intellect and strength, you can accomplish all your tasks. Which Planet's Donation Should You Make?

Planets for Donation	
 Mars	Mars, being the lord of the third and the eighth house in the horoscope, becomes a strong malefic.

Make a donation related to the planet on the day of the week associated with that planet, such as Mars on Tuesday, Saturn on Saturday, and Jupiter on Thursday. From the list of donations, you can donate any one item, up to INR 50 per week. Donate to a poor or needy person.

By making donations related to malefic planets, their negative effects on us are eliminated. Then, the malefic planets don't give us bad results during their period or sub-period. And if we are also chanting the seed mantras of those planets along with making donations, then even the results of that malefic planet will turn out positive.

If you miss chanting the seed mantra on any day, you can make up for it the next day, for example, chant 2 malas the next day. If there's a larger gap, then complete the seed mantras by chanting one extra mala.

You can master any mantra. After that, you should chant the seed mantra of the planet on the day of the week associated with it, for example, if you have mastered the seed mantra of Mercury, then after mastering it, you should chant one mala of the mantra every Wednesday.
