Sudarshan Chakra indicates the cumulative influence of benefic and malefic planets as reckoned from : ( i) the Ascendant, (ii) the Moon and (iii) the Sun at a glance. This also pinpoints the corresponding age-per during which those influences will operate.

If the influences are of natural benefic planets (Jupiter, Venus, Mercury, Waxing Moon) only, then the year will be enjoyable and auspicious events will take place.

If the influences are of natural malefic planets (Mars, Saturn, Rahu, Ketu, Sun, Waning Moon) only, then the year might be problematic and inauspicious happenings are likely to take place.

Your Ascendant falls in sign Virgo. This sign has been classified as an earthy, common or flexed sign. Certain other natural qualitative characteristics have also been attributed to it: this sign is sterile and human by nature.

For being born in this Ascendant, you will be endowed with an ingenious, studious, and witty nature. Always very systematic and methodical in your approach, you will be a very learned person - always be in search of knowledge for the purpose of attaining perfection. You will be inclined to continuing informal studies or conducting research; the occult and the allied subjects might also be of interest to you. You will be a reservoir of patience and perseverance.

You will have much of interest in art and literature. In all your affairs in general, you will habitually be critical and precise; yet you will be soft-spoken, well-mannered, benevolent, and judicious by nature. You will firmly believe in simple living and high thinking, and manage your monetary affairs very prudently. You might be an avid collector of curious things - which may have appealed to your fancy during sometime of your life; but you may have a queer habit of not to part with anything you have ever collected.

You may come up with some original findings of your own, or discover some facts, or invent some appliances - which will find useful applications in mundane activities. ## Planetary Combinations (Yoga) Applicable in Kundali (Chart)

### Important Yogas Applicable in Kundali(Chart) :

In your horoscope, the 4th-lord is debilitated, or situated in an enemy's sign, or is associated with a natural malefic planet, or occupies an evil shashtiamsha. This combination is quite unfavorable, termed as Bandhubhistryakta Yoga. If some strong modifying influences are not present in your horoscope, then owing to the presence of this combination, you might be deserted by your relatives and friends sometime during your life - even if it is for a little or no real fault of your own.

In your horoscope, the 5th-lord is not strong - for not being in exaltation, or in own-sign, or in own-nakshatra. Besides, it is situated in an angular (kendra) or a trinal (trikona) house. This typical combination is termed as Eka-Putra Yoga. If some strong modifying influences are not present in your horoscope, then you might be blessed with a single child only - which is very much likely to be a son.

In your horoscope, the 2nd-lord is conjoined with the 4th-lord or is aspected by it, while none of these two planets are combust or eclipsed. ## Recommendation for Suitable Rudraksha

As you had been born in Navami Tithi, 9-faced Rudraksha is being recommended for you.

The presiding deity of this Rudraksha is Shakti. It is worn during Nava-ratra (during Dusshera or Durga Puja). To the wearer, it confers energy and power - which leadsto wealth, and success in all endeavors.

While wearing the Rudraksha, you should chant any of the following Mantras :  
Mantra For Rudraksha :

'Om Hrim Hum Namah.'

Panchakshari Mantra For Rudraksha :

'Om Hrim Vym Rum Lam.'

Alternate recommendation for Rudraksha :

Since your Moon's nakshatra-lord is Moon, 2-faced Rudraksha will also be suitable for you.

Some Tests for checking the genuineness of the Rudrakshas:

(a) Floatation test: When a genuine Rudraksha seed is gently placed on water, it will sink; but if a fake one is placed on water, it will always float.

(b) Copper Test: A genuine Rudraksha\* is very hot, and has electromagnetic attraction with Copper. If beads are held with a string over a small round thin piece of Copper metal sheet (like a piece of Copper coin of old days), they tend to show a slow gradual rotational movement. If the rotation is observed to be in clockwise direction, then it is considered auspicious; otherwise, it is to be rejected – as it might be defective.

(\* N.B.: Bhadraksha is similar to the Rudraksha - but it is of milder color and much less heat. It is suitable for old people and also for persons having weak constitution.)

(c) Milk test: If an authentic Rudraksha seed is kept in a cup of milk for a day, the milk will not get spoilt. But if it is a fake one, the milk is to become spoilt.

N.B.: Since a genuine Rudraksha is hot, if you are an aged person or physically have a weak constitution, then instead of Rudraksha, you should better wear a Bhadraksha.

Bhadraksha is like the Rudraksha, but of milder color and much less heat. It confersdivine blessings of Gouri-Shankara. It is excellent for good health and smooth-running comfortable life with family and

friends.

Mantra for Bhadraksha: 'Om Gouri-Shankaraya Namah.'

Subha Mantra for Bhadraksha:  
'Sarva Mangala Mangalye Shive Sarvartha Sadhike,  
Saranye Trymbake Gouri Narayani Namaustute.'

## Prediction of Vimshottari Dasha

### Moon Dasha (18:12:1973--14:06:1979)

#### Saturn AntarDasha (18:12:1973--14:04:1975)

If at least one of these two planets is not well placed in your horoscope, then the period will be tolerably good. Otherwise, this is not at all a good period, and you should remain very careful and cautious; you should watch your words, and must think twice before taking any major step. You should curb your over-optimism - as the period forebodes gloom, despair, frustration, delays, disappointments, etc and per force propagates restrictive influences. You may suffer from mental pain and agony for being separated from someone you love dearly - be it your spouse or lover or a relative or a friend. The circumstantial developments in your sphere of profession may increasingly become discouraging, and you may find great difficulty to cope with. You may incur some losses, and fail to fulfill some of your commitments. The state of your health may worsen; the state of health of your mother might also keep you in worried state. If both Moon and Saturn bear some affliction in your horoscope, then you may even become a victim of dishonor or disgrace in public. If your Ascendant is Cancer, then it will be a combined period of the Ascendant-lord and the 8th-lord - for which you may face some acute problems, and chance of facing an accidental mishap or untoward happening cannot be ruled out.

#### Mercury AntarDasha (14:04:1975--13:09:1976)

This will be an enjoyable period. Your mind will remain free, intellect will become keener, conceptions will become clearer, and imagination very fertile. You will become more intellectually inclined, and be in a position to implement what you would visualize. If you remain engaged in academic or intellectual pursuits, then you are sure to come out in flying colors with some special accomplishment. You will remain free from all discords and disputes, and will find pleasure in company of spouse and children, or lover and friends. Your name and fame will be widespread, and social popularity will increase. You may have some journeys to short-distance places, and participate in picnics and excursions. If you are in service, then you will receive favors and benefits from superiors and authorities, and your earnings will be fairly increased. If you are in business, then you will have it running very briskly, and may adopt some effective measures for its expansion or diversification to a prospective new field. Your domestic life will be very peaceful and happy. If Mercury bears some affliction, then your mother may not remain in good health. If both the planets are under affliction, then you might run the risk of temporarily losing your sense of propriety, and tend to startle people by putting forward queer fallacies and uncommon nonsense - having coating them with elegant words.

#### Ketu AntarDasha (13:09:1976--14:04:1977)

If at least one of these two planets is not well placed in your horoscope, then this is not a favorable period. You are likely to face many problems, and your mind might be filled with unfounded fear, and worries or anxieties. If you remain engaged in academic or intellectual pursuits, then your progress might be hindered. If you are in service, then you may gradually become quite adamant - for which you may earn the displeasure of your superiors, and suffer the consequences. If you are in business, then with your queer utterances or aberrational behavior, you

might tend to antagonize people, and thereby invite public criticism. Your reputation, credibility and honor - all could be at stake. The condition of your health might also be deteriorated, as you may suffer from high fever, coetaneous eruptions, glandular swellings or eye-disease. If Ketu bears serious affliction from one or more natural malefic planet(s), then you may run the risk of receiving electric shock or sustaining burns-injury. However, if Ketu is situated in the sign of or constellation of either Jupiter or Venus, then the intensity of the possible problems will become considerably reduced.

**Venus AntarDasha (14:04:1977--13:12:1978)**

This will be a real good and very enjoyable period - it will be more so if these two planets are conjoined in sign Taurus. If Venus is situated in an angular (kendra) position - as reckoned from Moon, then also the period will be very joyful, and bright with happiness. You will be free from sickness, and will enjoy pleasant company of the members of the opposite gender. If relevant for your age-period, then you may fall in love with someone, and may even tie the knot. Your interest in poetry and music will considerably increase, and you may purchase a set of costly audio-visual equipment. If you remain engaged in some artistic pursuits, then you will have excellent progress. You may have an auspicious celebration in your family, and become the center of attraction in many social get-togethers. In connection with your profession, and also for sightseeing purpose, you may undertake some journeys to distant places. While away from home, you should however remain very careful, as there are some chances of losing money or a valuable item due to theft or pilfering. If your Ascendant is Libra, then as it is the combined period of the Ascendant-lord and the 10th-lord, you are sure to rise to a very respectable position.

**Sun AntarDasha (13:12:1978--14:06:1979)**

If at least one of the planets is not well placed in your horoscope, then this may not be a good period. Your state of health may become very delicate; you should therefore take due care of your health; you may suffer from fever, biliousness and eye-disease - this will be more so if Moon happens to be 'combust'. If Sun is well placed in your horoscope, you will be successful in all your efforts, and will receive benefits from government sources. If Moon is well placed in your horoscope, the time-period will be fairly good for you, and you will develop cordial relationship with a number of persons from various walks of life - from whom you will derive some direct favors and many indirect benefits. But if Sun bears affliction from one or more natural malefic planet(s), then you may face disappointments, and run the risk of losing your reputation and honor. If Moon is under affliction from one or more natural malefic planet(s), then you may feel very depressed quite often. If your Ascendant is Aquarius, then your enemies might create troubles for you. If your Ascendant is Capricorn, then your spouse and in-laws may cause you some distress. If your Ascendant is Leo, then you may have to meet with heavy medical expenses or a large chunk of your accumulation could be wastefully expended.

**Mars Dasha (14:06:1979--14:06:1986)**

**Mars AntarDasha (14:06:1979--10:11:1979)**

If Mars is in exaltation, or situated in own sign or own constellation, or attains directional strength ('dik-bala') by remaining in the 10th from your Ascendant, then the period will be highly prosperous for you. You will rise to a very powerful

and influential position, and your earnings will surely receive a big boost; you will amass wealth, and acquire new properties. If Mars is conjoined with Moon, then also the period will be very good for having material gains. Otherwise, this is not a very good period. You may get into difficulties with your superiors or employer, and remain in anxious state for understandable reasons. Some jealous people may create troubles for you, friends may lose sympathy, and even strangers may cause some problems to you - for reasons best known to them. If Mars bears the influence of a natural benefic planet, then you will ultimately come out unscathed. If Mars is situated in the 6th, then you will be successful in a contest or competitive examination. But if Mars bears affliction from one or more natural malefic planet(s), then you may receive hurts or injuries due to a minor accidental mishap or physical violence; alternately, you may get into some problems with the outlaws or the police - it will be more so if Mars is situated in the 8th. If Mars is situated in sign Aquarius, then you may have chances of suffering from high blood-pressure.

**Rahu AntarDasha (10:11:1979--28:11:1980)**

If at least one of these two planets is well placed in your horoscope, then the period could be tolerably good. Otherwise, definitely this is not a good period at all. You may frequently suffer from acute headache, and at times from fever; you may also suffer from skin disease caused by exposure to some poisonous chemicals, petrochemicals or acids. The most important thing you must bear in your mind is that you should and must stay far away from people of questionable character or suspicious background; otherwise, you might get entangled into very serious complications, and might run the risk of being thrown out of the normal social tracks. You should also totally avoid money-lending and speculative investments altogether - otherwise you might be on the verge of being ruined. If Mars bears affliction from one or more natural malefic planet(s), then you may even acquire some addictive bad habits. If Rahu bears affliction from one or more natural malefic planet(s), then you may suffer from scrofulous disease or coetaneous affection. If both the two planets are under affliction, then the less said about will be preferred - in respect of possible results to expect.

**Jupiter AntarDasha (28:11:1980--04:11:1981)**

If Jupiter is in exaltation or situated in own sign or constellation, then the whole period will be consistently favorable and only beneficial results can be expected. You will have major improvements in many respects, and your accumulations and acquisitions will substantially increase; you are also likely to purchase a new piece of property. This will be more so if your Ascendant is Scorpio or Pisces. Otherwise, the second half will be better than the first half in comparison. In the first half, you may get into some difficulties with your superiors or employer, and some jealous people may create enough of troubles for you; it may become more so if Jupiter and Mars are in mutual 'opposition' aspect in your horoscope. In the second half, you may get a bright opportunity, and look forward to receiving favors and benefits from persons in authority and power. If Jupiter is situated in sign Aquarius, then there are chances that you may suffer from high blood pressure. If Jupiter bears serious affliction from one or more natural malefic planet(s), then in connection with house or property also, you may get into serious disputes with your landlord or tenant - who might seek prompt assistance from mercenary outlaws; you may need to draw the attention of police, and even have to consult

a criminal lawyer.

**Saturn AntarDasha (04:11:1981--13:12:1982)**

If at least one of these two planets is well placed in your horoscope, then you may have a very busy period ahead; you will be bustling with vigor and remain engaged in constructive activities. If your Ascendant is Aries, then it being the combined period of the Ascendant-lord and the 10th-lord, you are sure to rise to a prestigious position, receive due acclaim, and honors will also be bestowed on you. Otherwise, as this period comes under the combined influence of two mutually antagonistic dire malefic planets, you must remain very careful and cautious, and keep your fingers crossed. If some counteracting combinations are not present in your horoscope, then this is very much likely to be a highly problematic period. You may have quarrels and disputes, and may even get entangled in a long-drawn lawsuit. This might be more so if Mars and Saturn are in mutual 'opposition' aspect or involved in mutual 'square' (4th-10th) aspect. You may face a series of problems in your workplace, and your enemies might create serious troubles for you. You may remain in constant fear or in a very anxious state. If you are in service, you may run the risk of losing your position and status. Your domestic life also may not be at all peaceful or happy. If you are in business, you may suddenly incur a big loss, and might be on the verge of slipping out of the track.

**Mercury AntarDasha (13:12:1982--10:12:1983)**

This is likely to be a favorable period in certain respects. If you are going to appear in an examination, participating in a competition or competitive examination, or facing any interview, you are sure to come out in flying colors. If you remain engaged in academic or intellectual pursuits, you will make exceptional progress - this will be more so if you are studying science, technology, or engineering. If Mars and Mercury are in mutual 'opposition' aspect, then you may develop a flair for logical deductions, and become interested to study Law. If you are actively involved in games and sports, then also you will have very good progress. Your earnings will be improved considerably, and you may have some costly new acquisitions. You will form cordial relationship with many new people, and your social popularity will increase. However, if Mercury is under affliction from one or more natural malefic planet(s) in your horoscope, then you may develop a vainglorious disposition and argumentative nature. Besides, you may receive hurts or abrasions caused by large stray quadrupeds; alternately, you might be badly affected by biting of poisonous stinging insects.

**Ketu AntarDasha (10:12:1983--08:05:1984)**

This is a combined period of two violent fiery planets; while one governs fire, the other indicates fumes. As such, if at least one of the two planets is well placed in the horoscope, the period may and can produce some typical problems for you. Therefore, it can reasonably be considered to be a quite unfavorable period, and you must remain on red alert throughout. Quarrels may break out in your family, and your own kindred may become quite inimically disposed towards you. Your enemies may increase in number, and female persons in particular may appear to lose sympathy for you. You may remain in perpetual tension, and tend to lose your temper quite often. If Mars is well placed in your horoscope, then you may have gains from road-transport, construction, real estate, chemicals, acids, electricity boards, etc. But if Mars bears affliction from one or more natural malefic

planet(s) in your horoscope, then you may have some fear from electricity or fire. If Ketu is under affliction from one or more malefic planet(s) in your horoscope, then you may become sick due to intake of wrong medicines or poisonous substances inadvertently.

**Venus AntarDasha (08:05:1984--08:07:1985)**

This will be very enjoyable period. You will be in cheerful mood and have joyous disposition. The circle of your friends and acquaintances will be widened. You will be very much fond of company of the members of the opposite gender and, if you are not married till yet, you may fall in love with someone. You will enjoy festivities, get-togethers and traveling. All these will be more so if Venus is in exaltation or situated in own-house or in own constellation - while it is neither 'combust', nor afflicted by Saturn either by conjunction or aspect; and will be less so if Venus is 'combust', or afflicted by Saturn either by conjunction or aspect. If Jupiter influences either Mars or Venus - either by conjunction or aspect - then you can look forward to having all-round prosperity. If Venus is under affliction from one or more natural malefic planet(s) in your horoscope, then you may suffer from boils, sloughing, or skin eruptions. If Mars and Venus both are conjoined together, and both of them are situated in the sign of and constellation of natural malefic planets only, then you should remain very careful and try to safeguard yourself - as in such case you may get yourself plunged into an illegitimate relationship - which may tarnish your own image, and even ruin the established reputation of your family.

**Sun AntarDasha (08:07:1985--13:11:1985)**

Although this happens to be the combined period of two fiery planets, yet it may not prove to be very bad as these two planets are mutually very friendly to each other by nature; while Sun symbolizes authority, Mars signifies power. As such, their combined period can give very beneficial results in certain respects. You will come in contact with persons of authority and power, and derive many benefits either directly from them, or indirectly through their association. This will be more so if at least one of these two planets is well placed in your horoscope. However, in respect of health, the indications are not very favorable. You may not feel well due to excessive heat generation in the body, suffer from high fever or inflammatory disease. Your spouse also may not remain in good health, and might frequently become angry or turn argumentative. If Mars bears some affliction in your horoscope, then your enemies may increase in number, and people in authority and power may not be favorably disposed towards you. If Sun bears some affliction in your horoscope, then you may become a victim of the wrath of your superiors or authorities, or incur some losses owing to outbreak of fire.

**Moon AntarDasha (13:11:1985--14:06:1986)**

This will be a very gainful and enjoyable period - it will be more so if Moon and Mars are conjoined together, and neither of the two planets is 'combust'. You may acquire a new property and purchase some valuable items - which will enhance your lifestyle. You may spend a big sum for renovation of your house, and also for interior decoration. Your social status and mental satisfaction will considerably increase. During the closing of the period, however, your income may shrink; there are also chances that you may lose a good sum in unwise investments. If Mars is under affliction from one or more natural malefic planet(s) in your horoscope, then you may have serious disputes with some people in connection

with property-matters; a group of people - who are enjoying the support and backing of some powerful and influential persons - may collectively try to grab a large chunk of your property. If Moon is under affliction from one or more malefic planet(s) in your horoscope, then you may have quarrels with mean people of low socio-economic strata for some silly reason. But if both of these two planets are under affliction, then you may run on the brink of turning berserk.

### **Rahu Dasha (14:06:1986--13:06:2004)**

#### **Rahu AntarDasha (14:06:1986--24:02:1989)**

If Rahu is situated alone in a sign, its sign-lord happens to be a natural benefic planet, and its dispositor is situated in a favorable house (that is, not in 6th or 8th or 12th), then many favorable results can reasonably be expected during its Dasha-period; but if Rahu is conjoined with a natural malefic planet, its sign-lord also happens to be a natural malefic planet, and its dispositor is situated in an unfavorable 'trika' house (that is, not in 6th or 8th or 12th), then adverse results might be experienced during its Dasha-period. If Rahu is in close conjunction with (that is, within 3\*20' of) any planet other than Sun and Moon, then Rahu will behave more like that of the conjunct planet; and if it is in close conjunction with (that is, within 3\*20' of) either Sun or Moon, then Rahu Dasha is capable of producing some adverse results and untoward happenings. If Rahu is conjoined with a natural benefic planet in the 11th house, or if it is conjoined with the 11th-lord, then it may and can bring in a lot of wealth - which might have been acquired by resorting to some convenient - but questionable - means.

If Rahu is not situated in sign Taurus, or Virgo, or Aquarius, and is also not placed in its own constellation, then this period might prove to be somewhat problematic for you. Your spouse may not remain in good health, and frequent quarrels may break out in your family and also at your workplace. You might be separated from someone very dear owing to circumstantial developments, and face sudden removal or dislocation due to adverse change of circumstances. Your health may also become frail, and you may suffer from some ailments - which might be difficult to diagnose. Some dishonest people may try to tarnish your image by hurling false allegations of malpractices, or may try to deceive you outright by some cunning manipulative designs. You might become considerably baffled, and find it difficult to decide what to do. However, if Rahu is under the influence of natural benefic planets, then you will surely come out unscathed by punching holes in the defense of your adversaries. If Rahu is under affliction from a dire malefic planet, then you may suffer due to intake of wrong medicine or poisonous substance inadvertently; also, some of your closely guarded secrets may become incidentally unearthed, and made known to public - for which you may run the risk of losing your face.

#### **Jupiter AntarDasha (24:02:1989--20:07:1991)**

If Rahu is situated alone in a sign, its sign-lord happens to be a natural benefic planet, and its dispositor is situated in a favorable house (that is, not in 6th or 8th or 12th), then many favorable results can reasonably be expected during its Dasha-period; but if Rahu is conjoined with a natural malefic planet, its sign-lord also happens to be a natural malefic planet, and its dispositor is situated in an unfavorable 'trika' house (that is, not in 6th or 8th or 12th), then adverse results might be experienced during its Dasha-period. If Rahu is in close conjunction with

(that is, within 3\*20' of) any planet other than Sun and Moon, then Rahu will behave more like that of the conjunct planet; and if it is in close conjunction with (that is, within 3\*20' of) either Sun or Moon, then Rahu Dasha is capable of producing some adverse results and untoward happenings. If Rahu is conjoined with a natural benefic planet in the 11th house, or if it is conjoined with the 11th-lord, then it may and can bring in a lot of wealth - which might have been acquired by resorting to some convenient - but questionable - means.

This will be a very enjoyable period. You will remain in good health, and totally free from worry and anxiety. You will be successful in all your efforts, and will receive direct favors and indirect benefits from your superiors, authorities, and also from government sources. Some of your long-cherished desires will be fulfilled, and a few ambitions realized. Your earnings will receive a big boost, your accumulations will increase, and you may have some new acquisitions - which will enhance your life-style. The circle of your friends and acquaintances will be widened. If relevant for the age-period you are running, then you may fall in love with someone, and may even tie the knot; if you have been married and expecting a child, then the legendary stork is on its way to deliver something priceless to you. Otherwise also, there could be an increase to your family by birth or marriage. You may have a family reunion, or you may have an auspicious celebration in your family. Your domestic life will be peaceful, and brimming with happiness.

**Saturn AntarDasha (20:07:1991--26:05:1994)**

If Rahu is situated alone in a sign, its sign-lord happens to be a natural benefic planet, and its dispositor is situated in a favorable house (that is, not in 6th or 8th or 12th), then many favorable results can reasonably be expected during its Dasha-period; but if Rahu is conjoined with a natural malefic planet, its sign-lord also happens to be a natural malefic planet, and its dispositor is situated in an unfavorable 'trika' house (that is, not in 6th or 8th or 12th), then adverse results might be experienced during its Dasha-period. If Rahu is in close conjunction with (that is, within 3\*20' of) any planet other than Sun and Moon, then Rahu will behave more like that of the conjunct planet; and if it is in close conjunction with (that is, within 3\*20' of) either Sun or Moon, then Rahu Dasha is capable of producing some adverse results and untoward happenings. If Rahu is conjoined with a natural benefic planet in the 11th house, or if it is conjoined with the 11th-lord, then it may and can bring in a lot of wealth - which might have been acquired by resorting to some convenient - but questionable - means.

As happens to be the combined period of two dire malefic planets, if at least one of them is not well placed in the horoscope, the period is likely to prove to be quite problematic. You might get entangled into quarrels and disputes; your enemies might increase in number, and they would try to create many problems for you. Your state of health might also deteriorate - as you may suffer from biliousness, rheumatism, etc. Your expenses might tend to exceed your income, and you may find fulfilling of commitments becoming increasingly difficult. All these might add to your confusion, and you may remain in perpetual tension. If any of these two planets is situated in the 8th-house, then the condition of health of your spouse may keep you in worried state; but if any of these two planets are situated in the 7th-house, then you will have advancement in profession; you may derive benefits by getting into partnership or collaboration with a person hailing from a

different community, religion, or even country.

**Mercury AntarDasha (26:05:1994--13:12:1996)**

If Rahu is situated alone in a sign, its sign-lord happens to be a natural benefic planet, and its dispositor is situated in a favorable house (that is, not in 6th or 8th or 12th), then many favorable results can reasonably be expected during its Dasha-period; but if Rahu is conjoined with a natural malefic planet, its sign-lord also happens to be a natural malefic planet, and its dispositor is situated in an unfavorable 'trika' house (that is, not in 6th or 8th or 12th), then adverse results might be experienced during its Dasha-period. If Rahu is in close conjunction with (that is, within 3\*20' of) any planet other than Sun and Moon, then Rahu will behave more like that of the conjunct planet; and if it is in close conjunction with (that is, within 3\*20' of) either Sun or Moon, then Rahu Dasha is capable of producing some adverse results and untoward happenings. If Rahu is conjoined with a natural benefic planet in the 11th house, or if it is conjoined with the 11th-lord, then it may and can bring in a lot of wealth - which might have been acquired by resorting to some convenient - but questionable - means.

During the first two-third of this period, you will remain very busy with academic or intellectual pursuits, or in business activities. If Rahu and Mercury are situated in mutually angular (kendra) houses, then you can look forward to gaining some academic distinction. You will remain in good health, and the goings-on will be pretty smooth. You will appear to be very seriously inclined, and will have gains from many sources. You may have access to other people's money, and if you are interested to secure loan from financial institutions for investment purposes, then you will have it sanctioned to you. If any of these two planets is situated in the 5th-house, then you may fall in love with someone, but you may later become disappointed or frustrated. During the closing one-third period, you may remain in a quite anxious state, and feel very unhappy; you may lose sympathy of your friends, and develop some enmity with most of your colleagues, friends and acquaintances - due to your apparently haughty nature and seemingly arrogant behavior.

**Ketu AntarDasha (13:12:1996--31:12:1997)**

If Rahu is situated alone in a sign, its sign-lord happens to be a natural benefic planet, and its dispositor is situated in a favorable house (that is, not in 6th or 8th or 12th), then many favorable results can reasonably be expected during its Dasha-period; but if Rahu is conjoined with a natural malefic planet, its sign-lord also happens to be a natural malefic planet, and its dispositor is situated in an unfavorable 'trika' house (that is, not in 6th or 8th or 12th), then adverse results might be experienced during its Dasha-period. If Rahu is in close conjunction with (that is, within 3\*20' of) any planet other than Sun and Moon, then Rahu will behave more like that of the conjunct planet; and if it is in close conjunction with (that is, within 3\*20' of) either Sun or Moon, then Rahu Dasha is capable of producing some adverse results and untoward happenings. If Rahu is conjoined with a natural benefic planet in the 11th house, or if it is conjoined with the 11th-lord, then it may and can bring in a lot of wealth - which might have been acquired by resorting to some convenient - but questionable - means.

If Ketu is not situated in sign Scorpio, or in its own star, then this period can prove

to be very problematic. You may face unexpected problems owing to your spouse, and the condition of health of your children might keep you in worried state. You may somehow incur the wrath of your superiors or authorities, or may face some unexpected troubles from unforeseen quarters. Your state of health might deteriorate, and you may have painful swellings on your body; there might also be some fear from venomous reptiles, poisonous insects, poisonous chemicals, or intake of wrong medicines. If Rahu and Ketu are involved in constellation-exchange, then you should remain extra careful - as the chance of facing an accidental mishap or untoward happening cannot be ruled out. You may also have major differences with your spouse, your in-laws may become openly hostile, or you may get entangled into a lawsuit with someone else. If both of Rahu and Ketu are under the influence of benefic planets, then you will be very fortunate to have an almost hair-breadth escape due to sheer luck or strange intervention.

**Venus AntarDasha (31:12:1997--31:12:2000)**

If Rahu is situated alone in a sign, its sign-lord happens to be a natural benefic planet, and its dispositor is situated in a favorable house (that is, not in 6th or 8th or 12th), then many favorable results can reasonably be expected during its Dasha-period; but if Rahu is conjoined with a natural malefic planet, its sign-lord also happens to be a natural malefic planet, and its dispositor is situated in an unfavorable 'trika' house (that is, not in 6th or 8th or 12th), then adverse results might be experienced during its Dasha-period. If Rahu is in close conjunction with (that is, within 3\*20' of) any planet other than Sun and Moon, then Rahu will behave more like that of the conjunct planet; and if it is in close conjunction with (that is, within 3\*20' of) either Sun or Moon, then Rahu Dasha is capable of producing some adverse results and untoward happenings. If Rahu is conjoined with a natural benefic planet in the 11th house, or if it is conjoined with the 11th-lord, then it may and can bring in a lot of wealth - which might have been acquired by resorting to some convenient - but questionable - means.

This will be a very enjoyable period for you - as you will have the dawn of prosperity; dame fortune will be smiling on you. You will receive direct favors and indirect benefits from your superiors and the authorities; you are also likely to special favors from a person of aristocratic background - possibly from a wealthy lady. People in general will be openly helpful to you, and render all sorts of assistance you may ever need or seek. You may form friendly alliances with new acquaintances - from which you will derive much of benefits. Your accumulation of wealth and acquisition of luxury items will increase - which will increase your satisfaction, and improve your lifestyle. However, you should remain alert, and cautious as well - as there are chances that some jealous people may try to practice deceit on you. Your spouse or some other member of the opposite gender will be a source of special happiness to you. If relevant for your age-period, then you may fall in love with someone, or even tie the knot with a beautiful/ handsome person belonging to a relatively wealthier family.

**Sun AntarDasha (31:12:2000--25:11:2001)**

If Rahu is situated alone in a sign, its sign-lord happens to be a natural benefic planet, and its dispositor is situated in a favorable house (that is, not in 6th or 8th or 12th), then many favorable results can reasonably be expected during its

Dasha-period; but if Rahu is conjoined with a natural malefic planet, its sign-lord also happens to be a natural malefic planet, and its dispositor is situated in an unfavorable 'trika' house (that is, not in 6th or 8th or 12th), then adverse results might be experienced during its Dasha-period. If Rahu is in close conjunction with (that is, within 3\*20' of) any planet other than Sun and Moon, then Rahu will behave more like that of the conjunct planet; and if it is in close conjunction with (that is, within 3\*20' of) either Sun or Moon, then Rahu Dasha is capable of producing some adverse results and untoward happenings. If Rahu is conjoined with a natural benefic planet in the 11th house, or if it is conjoined with the 11th-lord, then it may and can bring in a lot of wealth - which might have been acquired by resorting to some convenient - but questionable - means.

If at least one of these two planets is not well placed in your horoscope, the combined period of the two mutually very antagonistic planets is likely to be problematic in many ways. If both of these planets are situated close together in the 10th-house or 8th-house or 5th-house, then you may even have a setback in profession, and your reputation and honor could be at stake - as you may become a victim of scandal or disrepute. You may receive some benefits from persons occupying senior positions, but you should remain careful that they might bestow their generosity for fulfilling their personal objectives only - although they won't like to admit it; as such, the possibility of arising of misunderstandings in future will remain latent. Besides, you may have some problems in or on account of your family, fear and suspicion may arise owing to peculiar behavior of your spouse, children, or some other close relative. You may have a change of employment or transfer during the period; even having change of residence due to forced dislocation also appears quite possible.

**Moon AntarDasha (25:11:2001--26:05:2003)**

If Rahu is situated alone in a sign, its sign-lord happens to be a natural benefic planet, and its dispositor is situated in a favorable house (that is, not in 6th or 8th or 12th), then many favorable results can reasonably be expected during its Dasha-period; but if Rahu is conjoined with a natural malefic planet, its sign-lord also happens to be a natural malefic planet, and its dispositor is situated in an unfavorable 'trika' house (that is, not in 6th or 8th or 12th), then adverse results might be experienced during its Dasha-period. If Rahu is in close conjunction with (that is, within 3\*20' of) any planet other than Sun and Moon, then Rahu will behave more like that of the conjunct planet; and if it is in close conjunction with (that is, within 3\*20' of) either Sun or Moon, then Rahu Dasha is capable of producing some adverse results and untoward happenings. If Rahu is conjoined with a natural benefic planet in the 11th house, or if it is conjoined with the 11th-lord, then it may and can bring in a lot of wealth - which might have been acquired by resorting to some convenient - but questionable - means.

If at least one of these two planets is not well placed in your horoscope, then the combined period of the two planets might be quite problematic. If both of the planets are situated in sign Taurus, then they will be disposed to do good to you. But if none of these planets are situated in their exaltation, or in own-house, or in own constellation, then you might remain in pretty confused state, and may even remain in perpetual tension. The state of your health might become delicate, or otherwise unstable; you may also suffer from pains in the limbs - as there is also

some chance of receiving physical hurt or injury. You might become unhappy owing to separation from or loss of a near relative; besides, you may incur some wasteful expenditures or outright losses owing to the fault of your spouse or business partner. Besides, you might be forced to change your residence, even compelled to leave your native place due to some sudden and unexpected developments - on which you cannot have any control.

**Mars AntarDasha (26:05:2003--13:06:2004)**

If Rahu is situated alone in a sign, its sign-lord happens to be a natural benefic planet, and its dispositor is situated in a favorable house (that is, not in 6th or 8th or 12th), then many favorable results can reasonably be expected during its Dasha-period; but if Rahu is conjoined with a natural malefic planet, its sign-lord also happens to be a natural malefic planet, and its dispositor is situated in an unfavorable 'trika' house (that is, not in 6th or 8th or 12th), then adverse results might be experienced during its Dasha-period. If Rahu is in close conjunction with (that is, within 3\*20' of) any planet other than Sun and Moon, then Rahu will behave more like that of the conjunct planet; and if it is in close conjunction with (that is, within 3\*20' of) either Sun or Moon, then Rahu Dasha is capable of producing some adverse results and untoward happenings. If Rahu is conjoined with a natural benefic planet in the 11th house, or if it is conjoined with the 11th-lord, then it may and can bring in a lot of wealth - which might have been acquired by resorting to some convenient - but questionable - means.

If at least one of these two planets is not well placed in your horoscope, the combined period of the two dire malefic planets is likely to prove to be troublesome in many ways. You may suddenly find yourself in the center of all-round chaos and total profusion, and become very perplexed for not being able to decide what to do. You may acquire the tendency of indulging in some lax or dissolute habits - which might bring in a series of minor problems. Owing to a silly reason, you may get entangled into disputes with some persons of ruffian type; you may also run the risk of having physical hurts owing to the malice of enemies. You may have to bear the burden of anxiety and mental stress. You may also run the risk of receiving injuries due to hurts, fire-burns, etc; besides, you may incur a big loss through theft or cheating. However, if at least either of these two planets are influenced by Jupiter or Venus - either by conjunction or aspect - then the situation will be considerably improved for the better.

**Jupiter Dasha (13:06:2004--13:06:2020)**

**Jupiter AntarDasha (13:06:2004--01:08:2006)**

You will have the dawn of prosperity, and dame fortune will be smiling on you with her bountiful abundance; you will remain secured under divine protection. People in general will become increasingly sympathetic, helpful, and beneficially disposed towards you. People governed by Jupiter - like priests, pious and religious persons, lawyers, teachers, persons engaged in financial institutions, etc - will render all possible assistance you may ever need or seek. This will be more so if Jupiter is well placed in your horoscope. In your sphere of profession you will have excellent progress, your rank and status will considerably improve, and your earnings will receive a big boost. Your domestic life will be full of happiness, as you will be endowed with plenty and abundance. You will remain in good health, and your children will make you feel very joyous and happy. Your credibility and honor will

also reach the crest. But if your Ascendant is either Taurus or Leo, then as Jupiter will be the dreaded 8th-lord too, you may also have to face some unexpected difficulties during the period; your state of health might deteriorate, and chances of facing an accidental mishap or untoward happening also cannot be ruled out.

#### **Saturn AntarDasha (01:08:2006--12:02:2009)**

If at least one of these two planets is well placed in your horoscope, then as regards general progress, you will have a fairly good period ahead. Your wealth and acquisitions will increase. However, you may experience some health-problems like painful swellings in the body, rheumatic pains, etc. You may experience some problems in your workplace, your earnings may shrink, and at times you may face difficulties for fulfilling your commitments. Besides, your spouse and business-partner may cause you some wasteful expenditures or losses; alternately, either of them may become a source of problem, and cause you anxiety and unhappiness. If at least one of these two planets is free from affliction in your horoscope, then you will enjoy mixed results, and the bad phase will pass over soon on its own. However, if your Ascendant is either Cancer or Leo, then as it happens to be the combined period of the 6th-lord and the 8th-lord, you must keep your fingers crossed, and remain very careful and cautious; otherwise, you might learn some hard lessons from someone very close to you - which would remain engraved in your memory for the rest of your life.

#### **Mercury AntarDasha (12:02:2009--20:05:2011)**

This will be a really good and enjoyable period. People in general will increasingly become favorably disposed to you, and you will receive direct favors and indirect benefits from many sources. If you remain engaged in academic or intellectual pursuits, then you are sure to come out in flying colors with an impressive qualification, or gain distinction for some extra-ordinary accomplishment. If you are in service, then you may secure an out-of-turn promotion; if you are in business, it will become very brisk. If you have been married and expecting a child, then the legendary stork is on its way with a priceless gift for you. Your interest in informal studies and some branch of fine arts will increase; you will also gather knowledge and information about the latest technological advancements - which would find useful applications in your sphere of profession. However, if your Ascendant falls in a 'chara' sign (Aries, Cancer, Libra, or Capricorn), then as it will be the combined period of the 6th-lord and the 12th-lord, during this period you might be troubled by some people, who are inimical to you - either openly or secretly; alternately, you may suffer from some disease, become bed-ridden, and even need hospitalization.

#### **Ketu AntarDasha (20:05:2011--25:04:2012)**

If at least one of these two planets is not well placed in your horoscope, then you should remain very careful and cautious, as you are likely to face various troubles during the period - even from totally unexpected quarters; besides, the problems may drag on for some time, and their intensity might fluctuate intermittently. As far as possible, you should avoid the company of mean people of lower socio-economic strata, and people of foreign origin; otherwise, you might be destined to face a lot of problems, and incur monetary losses. The health of your spouse may keep you in worried state, or you may have quarrels with or separation from your business-partner; you may even have a setback in your profession, and may even have to leave your place of abode under circumstantial

compulsion. Your relatives and friends may appear to be not at all helpful - they might tend to blame you endlessly, and even forsake you.

**Venus AntarDasha (25:04:2012--25:12:2014)**

As this is the combined period of the two topmost natural benefic planets, you will have an exceedingly beneficial period ahead, and with confidence you can look forward to having only the very best of results. You will remain in good health, and your domestic life will be very peaceful and happy; you will remain in very cordial terms with your relatives and friends. You may have a family re-union, and also become the center of attraction in many social gatherings. In your sphere of profession, you will have exceptional progress, and your earnings will be swelled. You will live in comfort and style amidst ever-waxing prosperity. However, if your Ascendant is Aries or Scorpio, then as it will be the combined period of the 2nd-lord and the 12th-lord - although during this period you will have excellent earnings - you may also have to meet with heavy expenditures - which might in a single sweep wipe away the accrued influx of wealth. If your circumstances command so, then it appears that during this period you may have an auspicious celebration in your family. But if your Ascendant is either Leo or Pisces, then as it will be a combined period of the 3rd-lord and 8th-lord - you may become vulnerable to suffer from some serious health-complications.

**Sun AntarDasha (25:12:2014--13:10:2015)**

If Jupiter is not 'combust', then this will be a really very enjoyable period, and you will be fortunate in many respects. It will be a highly beneficial time for reaping the harvest of the worthy deeds done in the recent past. You will come in close contact with some influential persons - from whom you will derive many benefits directly and indirectly. For your special abilities and accomplishments, you will receive due recognition; and due to benign influence of Jupiter people in general will be very favorably disposed to you. You will be treated with due respect in the society, and your credibility and honor will reach the crest. If you have been married and expecting a child, then you can look forward to being blessed with a worthy child - who is very much likely to be a boy. However, in respect of your health you may face some problems: the limb as denoted by the sign-position of Sun might be affected by some disease, and your physical strength might become temporarily somewhat diminished; the ailment will however be amenable to treatment, and you will recover pretty soon. But if Jupiter is 'combust', then you may suffer from eye-disease or some health-complaints. If your Ascendant is Leo, then as it is the combined period of the Ascendant-lord and the 8th-lord, you may suffer from health-complications, or face an accidental mishap or untoward development.

**Moon AntarDasha (13:10:2015--12:02:2017)**

This will be a really good and enjoyable period. It will be more so if at least one of these two planets is well placed in your horoscope, and Moon is in 'waxing' state in your horoscope. All the virtuous deeds you have done and all the directed efforts you have expended in the recent past, will now come to the fore - fetching along with them the rewards in plenty and abundance, which are rightfully due to you. You will greatly prosper in your sphere of profession, and your earnings will be increased considerably; you may acquire a new property. Your domestic life will be very peaceful and happy; some female relative and your children will make you joyous and happy. Your religious inclination will become more profound, and you

will regularly observe the traditional religious rites. If you are interested to go to a distance place or a foreign country for the purpose of receiving higher or professional education, then the time is very ripe for you. However, if your Ascendant is Gemini, then as it will be a combined period of the two 'maraka' planets - the 2nd-lord and the 7th-lord - you may suffer from some health-problems. But if your Ascendant is Sagittarius, then as it is a combined period of the Ascendant-lord and the 8th-lord, you may suffer from health-complications, or face an accidental mishap or untoward development.

#### **Mars AntarDasha (12:02:2017--19:01:2018)**

If at least one of these two planets is not well placed in your horoscope, you should remain very careful and cautious - as you may remain vulnerable to face many problems during the period - even from very unexpected quarters. You may suffer from annoyances and troubles of various kinds, incur losses through theft or breach of trust, and may have separation from a dear relative or a friend - owing to circumstantial compulsions. Besides, your health may fail - as you are prone to suffer from inflammatory diseases affecting your circulation and elimination system. You also run the risk of getting entangled into serious disputes in connection with property-matters, and face much of difficulties not only for establishing your rights, but also for retaining your hold. You may find yourself losing people's support for no fault of your own; you may ultimately have to leave your residence or even native place - either by buckling under circumstantial pressure, or due to sheer frustration and deep disgust. If your Ascendant is either Scorpio or Sagittarius, then it will be a combined period of Ascendant-lord and the 5th-lord; and if your Ascendant is either Aries or Pisces, then it will be a combined period of Ascendant-lord and the 9th-lord; in such cases, you can look forward to having some significant changes in your sphere of profession.

#### **Rahu AntarDasha (19:01:2018--13:06:2020)**

If at least one of these two planets is not well placed in your horoscope, you should remain very careful and cautious, as you are likely to face various nagging troubles during the period - even from very unexpected quarters; these typical problems may drag on for some time, and their intensity might fluctuate intermittently. You should maintain a safe distance from the people of questionable character and suspicious background; you must also not at all trust the strangers and new acquaintances; otherwise, you may have to face a lot of difficulties, and incur monetary losses. Obviously, this is not at all a good period, and you must understand that all that glitters are definitely not worth their value in gold. You should also resist temptations for speculative investments and gambling; in addition, you must remain aware of the fact that some people out there have always been trying to exploit the likes of you through practice of deceit. If at least one of these two planets bears some affliction in your horoscope, then you may have numerous minor quarrels with your relatives - who might create many troubles for you, and even cause some loss of wealth or damage to property as well.

#### **Saturn Dasha (13:06:2020--14:06:2039)**

#### **Saturn AntarDasha (13:06:2020--17:06:2023)**

If Saturn is not well placed in the horoscope, then it is likely to be a very troublesome period. You may suffer from some disease, and you may acquire an

emaciated appearance. You may get entangled into serious disputes with some people - probably some relatives, who might become inimically disposed towards you, and try to cause you some loss of wealth or damage to property. In your sphere of profession too, you may have to face difficulties. If you are in business, then it may circumstantially become slack; if you are in service, then you might be oppressed by a stern-looking faultfinding superior. You may miss an opportunity of advancement owing to unexpected developments and adverse change of circumstances. Besides, you may have separation from a close relative - for which you may feel very miserable. If your Ascendant is Gemini or Cancer, then the period could prove to be worse - as Saturn is the 8th-lord too. But if your Ascendant happens to be Libra or Aquarius or Capricorn, or if Saturn is in exaltation or situated in own sign or own constellation, then you can surely look forward to enjoying beneficial results in many respects. If out of the sign-positions of Ascendant and Saturn in your horoscope, one is Libra while the other is Capricorn, then you will surely have sudden uplift of status during this very period.

**Mercury AntarDasha (17:06:2023--24:02:2026)**

This is a quite good period. If you remain engaged in academic or intellectual pursuits, you will have excellent progress. You will acquire sound knowledge in a chosen field, and you will become wiser and more discreet. One of your relatives will meet with some special success, for which you might be indirectly benefited; you will also be doing very well in your sphere of profession and have fairly smooth progress. You will receive favors and benefits from your superiors and authorities, and your earnings will be considerably increased. If you are in business, then you may have an opportunity to diversify into a prospective new field - wherefrom you will amass wealth. If you are having children, then with their progress in extra-curricular activities and academic pursuits as well, they will be a source of pride and joy to your family. If your Ascendant is Gemini, then you may have to face some unexpected difficulties of typical sort - as this is the combined period of the 1st-lord and the 8th-lord. If your Ascendant is Leo, then as this is the combined period of the two 'marakas' (the 2nd-lord and the 7th-lord), then you are prone to suffer from some health-complications.

**Ketu AntarDasha (24:02:2026--05:04:2027)**

If at least one of these two planets is not well placed in your horoscope, then you should remain very careful and cautious, as you are likely to face many difficulties during the period - even from very unexpected sources; besides, the problems may drag on for some time, and their intensity might fluctuate intermittently. You may face many contentions, and quarrels may break out in your family. Your children - particularly sons - may revolt against you, and you may find it very hard to pacify them. Your earnings may suddenly decrease, and you may not be able to get your legitimate dues in time. There are also possibilities that you may incur some losses, or you may find it hard to fulfill some of your commitments owing to blockage of funds. There could be accumulation of some toxic substances in your body parts - for which you may suffer from bilious complaints. You may suffer from rheumatism or painful swellings in your legs or ankles - particularly in your right leg or ankle.

**Venus AntarDasha (05:04:2027--05:06:2030)**

This will be a fairly good period in certain respects. You will be able to overcome many impediments, and your enemies will be totally subdued. You will be able to

attract the attention of many people, and receive favors and benefits from your superiors and the authorities. If you are seeking employment, you might be able to find one quite suddenly and unexpectedly; if you are looking for some business opportunity, you may be able to find it out pretty soon. Your earnings will be increased, and your standard of living will be considerably improved. You will also come close to some members of the opposite gender; if you have the inclination, then you may fall in love with someone, and even tie the knot. Alternately, there could be an increase to your family circle by birth or marriage. You may also receive some valuable gifts from a visiting relative. You may have some journeys for pleasure and profit, participate in picnics and excursions, and enjoy watching many film-shows, games and sports, cultural functions, etc.

**Sun AntarDasha (05:06:2030--17:05:2031)**

If at least one of these two planets is not well placed in your horoscope, then you should remain careful and cautious, as you are likely to face some problems during the period. Although you will receive favors and benefits from the persons of rank and power, there are also some chances that you may per chance antagonize some senior person, who might become a sworn enemy, and try to create a series of troubles for you. You may have a change of position, and might be transferred to an inconvenient place; or you may have to shift your residence. You may face some quarrels on account of your family-members, and fear or suspicion might arise in connection with your spouse or a child or a relative. Your relationship with your spouse may come under strain, or she/ he might for some reason become a source of great worry and anxiety. If your Ascendant is either Leo or Aquarius, and if it is relevant for the age-period you are running, then you may tie the knot; alternately, you may get into a partnership or collaboration with a person - who might hail from a different community or religion or country. But if your Ascendant is Capricorn, then as it is the combined period of the Ascendant-lord and the 8th-lord, you may have to face some unexpected difficulties of typical sort.

**Moon AntarDasha (17:05:2031--16:12:2032)**

If at least one of these two planets is not well placed in your horoscope, then you should remain careful and cautious, as you are likely to face many problems during the period. The state of your health may worsen, and there are chances of receiving physical hurts or injuries - resulting from fall or impact. You are prone to suffer from pains in the limbs, and may remain in a gloomy state. You should remain very careful while driving a vehicle - particularly the two-wheelers, and also while you are near any fast-moving part of machineries. Quarrels may break out in your family quite frequently - for which you may feel very unhappy, and thoroughly lack satisfaction and peace of mind altogether. You may also have to leave your residence, or even your native place under circumstantial compulsion. Your spouse or business-partner may cause you some loss of money. If your Ascendant is Cancer or Capricorn, and if it is relevant for the age-period you are running, then you may opt for tying the knot; alternately, you may get into a partnership or collaboration with a person - who might hail from a different community or religion or country.

**Mars AntarDasha (16:12:2032--25:01:2034)**

As this period bears the combined influence of two mutually antagonistic dire malefic planets, if at least one of them is not well placed in your horoscope, then

the period is likely to prove to be very troublesome. You might get entangled into strife and quarrels; your enemies might increase in number and strength, and they would try to create as many as possible problems for you. Some disgrace might also fall on you - for your own act or due to some of your family-members; alternately, you may become a victim of slander and disrepute. Your state of health might deteriorate - as you may suffer from biliousness, rheumatism, etc. If at least one of these two planets bears some affliction in your horoscope, then you might incur big losses due to theft or by fraudulent means. As you may not be able to fulfill your commitments, some of your erstwhile friends may become quite inimically disposed to you. You may even have to leave your home and kindred, move from one place to another - without having any success, and lead an unsettled life under undesirable circumstances.

#### **Rahu AntarDasha (25:01:2034--01:12:2036)**

As this period bears the combined influence of two dire malefic planets, if at least one of them is not well placed in your horoscope, then the period is likely to be quite adverse; the problems may drag on for quite some time, and their intensity might fluctuate intermittently. You should remain very careful and cautious, and ensure that neither by your expressed words nor by committed acts you antagonize anybody. Troubles from enemies tend to increase under the combined influence of these two planets; even strangers and foreigners may become inimically disposed to you. You must remain very cautious in respect of financial affairs, and absolutely refrain from gambling and speculative investments. The chances of incurring losses, and having serious quarrels - arising from non-payment of money due - also appear to be pretty high. You may also run the risk of receiving physical hurts or injuries. You are also strongly advised to stay away from the people of questionable character or suspicious background - as for being an associate, you might also be put to blame or brought to book for some improper or even illegal acts committed by others.

#### **Jupiter AntarDasha (01:12:2036--14:06:2039)**

If at least one of these two planets is well placed in your horoscope, then as regards general progress, you will have a very good period ahead. With the aid of the superiors and authorities, you will be able to accomplish your intentions. Your wealth and acquisitions will increase, and so will physical comforts. You will remain in good health and high spirit, be able to overcome all impediments in your workplace, and your earnings might also be increased substantially. You will be able to fulfill all your commitments, and your credibility and honor will reach the crest. Your spouse and business-partner may also bring in some good gains for you - for which you will become very glad, and feel very happy. However, if your Ascendant is either Cancer or Leo, then as it is the combined period of the 6th-lord and the 8th-lord, you must keep your fingers crossed, and remain on the alert; otherwise, you may have to learn some hard lessons from someone very dear to you - which you may never be able to erase from your memory for the rest of your life.

#### **Mercury AntarDasha (14:06:2039--10:11:2041)**

If Mercury is situated alone in exaltation (in Virgo) or in own-sign (Gemini) or in its own constellation, then it will produce highly favorable results during its

Dasha-period. If it is conjoined with Jupiter or Venus or Saturn, or either Jupiter or Saturn aspects it, then also the results will be favorable. If Mercury is very close to Sun (within 3\*20'), then also the results will be fairly good - although some health-problems might arise. If Mercury is in mutually angular (Kendra) position from Rahu, then it will be very good for having progress in academic and intellectual pursuits; and also for suddenly switching over to a different stream of employment, the period will prove to be very advantageous. Mercury situated close to Ketu can bestows success in study of occult subjects. But if Mars is either conjoined with Mercury or aspects it - while none of them is strongly placed - then the person may face many problems and always remain in somewhat 'disturbed' state; and if Moon is conjoined with Mercury or aspects it - while none of these two is strongly placed - then the person's mind may become wavering, and he/she may even become 'fickle'-minded.

If Mercury is well placed in your horoscope, and free from affliction, then you will have a dawn of prosperity. Learning and accumulation of useful knowledge and information will attract you greatly. If you remain engaged in academic or intellectual pursuits, or connected with some branch of fine arts, then your accomplishments will be quite enviable. You are very much likely to win some laurels, and turn many heads. If you are in business, then it will become very brisk, your earnings will receive a boost, and you may opt for diversifying into a prospective new field - from which you will amass wealth. The circle of your friends and acquaintances will considerably be widened, and you will derive much of benefits by having discourses with and gathering vital information from some of your well-wishing persons. You may undertake some journeys to places of interest- both for pleasure and profit, and form cordial relationship with some important persons as well. If your Ascendant is Gemini, then you may pass through one of the best periods in your life; and if it is Virgo or Sagittarius, then you may look forward to having a meteoric rise. But if Mercury is afflicted in your horoscope, then you may have many worries, and the condition of the health of your mother might keep you in worried state.

You may have some problems with your landlord or tenant or neighbor; and, for this you may face angry exchanges intermittently, and remain under considerable mental stress. You may have to leave your place of abode, or have to institute some forced removal on somebody else - for which some people might condemn or criticize you, and your popularity might be gradually on the wane.

**Mars AntarDasha (16:12:2058--14:05:2059)**

If Ketu is situated alone in a sign, its sign-lord happens to be a natural benefic planet, and its dispositor is situated in a favorable house (that is, not in 6th or 8th or 12th), then many favorable results can reasonably be expected during its Dasha-period; but if Ketu is conjoined with a natural malefic planet, its sign-lord also happens to be a natural malefic planet, and its dispositor is situated in an unfavorable 'trika' house (that is, not in 6th or 8th or 12th), then adverse results might be experienced during its Dasha-period. If Ketu is in close conjunction with (that is, within 3\*20' of) any planet other than Sun and Moon, then Ketu will behave more like that of the conjunct planet; and if it is in close conjunction with (that is, within 3\*20' of) either Sun or Moon, then Ketu Dasha is capable of producing some adverse results and untoward happenings. Ketu in close conjunction with Mars may and can bring in serious problem resulting from electric shock and/ or outbreak of fire.

This period comes under the combined influence of two fiery malefic planets; as such, it may not be a favorable period for you. You may face many obstacles and hindrances, disputes and contests. People who are inimically disposed towards you - particularly those belonging to the opposite gender - may try to create some troubles for you. You may suffer from fever or excess of heat-generation in the body; there are also some chances that you may receive accidental injury or incur some material losses - resulting from a fire-accident erupting at your residence or in your workplace. In this respect you should remain very careful and cautious, remain adequately prepared, and adopt all possible sorts of preventive measures. However, if both of these two planets are well placed in your horoscope, then you will have a very enjoyable period; you may build a new house of your own, or buy a piece of property. But if both of Mars or Ketu bear affliction in your horoscope, then you may have to undergo a surgical treatment - probably due to some problem affecting a region in some lower part of your body.

**Rahu AntarDasha (14:05:2059--01:06:2060)**

If Ketu is situated alone in a sign, its sign-lord happens to be a natural benefic planet, and its dispositor is situated in a favorable house (that is, not in 6th or 8th or 12th), then many favorable results can reasonably be expected during its Dasha-period; but if Ketu is conjoined with a natural malefic planet, its sign-lord also happens to be a natural malefic planet, and its dispositor is situated in an unfavorable 'trika' house (that is, not in 6th or 8th or 12th), then adverse results might be experienced during its Dasha-period. If Ketu is in close conjunction with (that is, within 3\*20' of) any planet other than Sun and Moon, then Ketu will behave more like that of the conjunct planet; and if it is in close conjunction with (that is, within 3\*20' of) either Sun or Moon, then Ketu Dasha is capable of producing some adverse results and untoward happenings. Ketu in close conjunction with Mars may and can bring in serious problem resulting from electric shock and/ or outbreak of fire.

If both of Ketu and Rahu are neither situated in their exaltaion signs nor in their respective own constellations, then this period might prove to be a really problematic period for you. You should remain very careful and cautious - as there are chances that you may suddenly fall seriously ill; you might be afflicted by somedisease, which is very difficult to diagnose or cure, and its intensity might go on fluctuating intermittently. You may suffer due to intake of wrong medicines or poisonous substances inadvertently. Things around you may appear to go beyond your control, and you may run the risk of incurring a big loss - due to sudden change of circumstances or some calamitous causes. If Rahu and Ketu are situated in each other's constellation, then you should remain even more careful - as there is a chance of facing an accidental mishap; alternately, you may have some serious disputes with someone - for which you may get entangled into a lawsuit. If natural malefic planets afflict Ketu or Rahu in your horoscope, then your reputation and honor could be at stake. You must refrain from giving or taking bribes; otherwise, you could land in hot soup sooner than you think.

### Other Considerations

S.N.	Particulars	Result
1	<b>Nadi-Pada Koota</b>	Since Nadi Koota Agreement is present in the prospective couples' charts, considering Nadi-Pada Agreement is not necessary.
2	<b>Mahendra Koota</b>	Mahendra Koota Agreement is present in the prospective couples' charts. This promotes marital well-being and increases longevity.
3	<b>Stree Deergha Koota</b>	Stree-Deergha Koota Agreement is present in the prospective couples' charts. This ensures very good compatibility and excellent harmony between the two marriage-partners
4	<b>Rajju Koota</b>	Rajju Koota Agreement is not present in the prospective couples' charts. Unless modifying influences are present in their charts, the wife's health may become delicate.
5	<b>Vedha Koota</b>	Since the boy's Moon's nakshatra and the girl's Moon's nakshatra are not in a mutual vedha relationship, they will understand each other perfectly well and temperamental clashes or emotional outbursts are far less likely to happen.
6	<b>Common Janma Rashi</b>	The boy's Moon and the girl's Moon fall in different Rashis. So, the case of common Janma Rashi does not arise.
7	<b>Common Janma Nakshatra</b>	The boy's and the girl's Moon do not fall in the same Nakshatra.
8	<b>Common Janma Nakshatra-Pada</b>	Since the boy's and the girl's Moon do not fall in the same Nakshatra, the question of same Nakshatra-Pada does not arise. As such, marriage can be approved.

## Checking for Kuja-Dosha (Manglik Blemish)

In the girl's chart, Mars is situated in the 4th-sign from the Ascendant. This constitutes Kuja-Dosha (or Mangalik blemish); we shall check in following whether any condition for the cancellation of this blemish is also present in the chart.

In the boy's chart, Mars is situated in the 8th-sign from the Ascendant. This constitutes Kuja-Dosha (or Mangalik blemish); we shall check in following whether any condition for the cancellation of this blemish is also present in the chart.

In the boy's chart, Mars is situated in the 8th-sign from the Moon-sign. This constitutes Kuja-Dosha (or Mangalik blemish); we shall check in following whether any condition for the cancellation of this blemish is also present in the chart.

In the girl's chart, Mars is situated in the sign occupied by Venus. As per North-Indian\* system, this constitutes Kuja-Dosha (or Mangalik blemish); we shall check in following whether any condition for the cancellation of this blemish is also present in the chart. However, as per South-Indian\* system, Mars placed in the sign occupied by Venus does not constitute Kuja-Dosha (or Mangalik blemish).

In the boy's chart, Mars is situated in the 4th-sign from the sign occupied by Venus. This constitutes Kuja-Dosha (or Mangalik blemish); we shall check in following whether any condition for the cancellation of this blemish is also present in the chart.

## Cancellation for Kuja-Dosha (Manglik Blemish)

In the chart of the boy, Mars is situated in the 4th from the sign occupied by Venus. This apparently constitutes 'Kuja-Dosha' (or Mangalik blemish). But since Mars is situated in a sign owned by Mars, it becomes an exceptional case -- as this blemish gets automatically cancelled. Kuja-Dosha will be considered to be technically 'absent' in the boy's chart.

In the chart of the girl, Jupiter is situated in the Ascendant-sign. It is an exceptional case, where it is not even necessary to check for the apparent presence of Kuja-Dosha. The girl is free from Martian blemish -- she is not a 'Mangalee'.

In the chart of the boy, Mars is situated in a 'chara' (movable) sign. Some people opine that it is an exceptional case, where it is not even necessary to check for the apparent presence of Kuja-Dosha. The boy is free from Martian blemish -- he is not a 'Mangalee'. (However, this opinion does not enjoy the support of majority.)

Some people opine that it is an exceptional case, where it is not even necessary to check for the apparent presence of Kuja-Dosha. The girl is free from Martian blemish -- she is not a 'Mangalee'. (However, this opinion does not enjoy the support of majority.)

In the chart of the boy and also in the chart of the girl, the Kuja-Dosha (or Mangalik-blemish) is apparently found to be present (as per North-Indian

method). But, in each case, owing to presence of certain conditions, the blemish gets cancelled. So, the boy and the girl both are technically not mangalees. As such, on this ground, no objection could be raised. If other factors are found to be in favour, the boy and the girl can get married.

## Checking for Marriage-Compatibility- As par Ashta Koota Agreement

### Checking for the presence of Varna-Koota Agreement -

The boy and the girl both belong to the Vaishya Varna. This is highly favourable and marriage-compatibility on this count is fully present. On this count, contribution to the Koota-agreement score will be = 1 point (Out of 1).

### Checking for the presence of Vashya-Koota Agreement -

The boy's Vashya belongs to the Dwipada group, while the girl's Vashya belongs to the Jalachara group. This is not very favourable. As such, marriage-compatibility on this count is only nominally present. On this count, contribution to the Koota-agreement score will be = 0'5 point (Out of 2).

### Checking for the presence of Tara-Koota Agreement -

By counting nakshatras from the girl's janma-nakshatra to the boy's janma-nakshatra, we obtain the figure 19; upon dividing by 9, it yields a remainder 1, which is not favourable. By counting nakshatras from the boy's janma-nakshatra to the girl's janma-nakshatra, we obtain the figure 10; upon dividing by 9, it yields a remainder 1, which is not favourable. As such, marriage-compatibility on account of Dina-Koota is partially present in the chart. On this count, contribution to the Koota-agreement score will be = 1'5 points (Out of 3).

### Checking for the presence of Yoni-Koota Agreement -

The boy's nakshatra falls in the category of Buffalo(F), while the girl's nakshatra falls in the category of Monkey(F). As per Yoni-koota agreement, for this combination, a contributory score of 2 is obtained on this account.

### Checking for the presence of Graha-Maitri Koota Agreement -

The boy's janma-rashi adhipati is Mercury and the girl's janma-rashi adhipati is Saturn. These two adhipati planets are mutually neutral (sama) to each other as per naisargika relationship. This is a fairly favourable combination, as this particular koota indicates the psychological dispositions of the couple; the mental qualities of the pair will be quite harmonious, and they will have adequate concern for each other -- which is important for a fairly happy married life. On this account, the contribution to the Koota-agreement score will be = 4 (Out of 5).

### Checking for the presence of Gana-Koota Agreement -

The boy's nakshatra falls in the Deva-gana group, while the girl's nakshatra also falls in the very same group. This is a highly favourable combination, as gana signifies the individual's temperament and inclinations. Both the members of the prospective couple will possess a matured outlook, possess some very desirable qualities and have a patient nature. On this count, the contribution to the Koota-agreement score will be = 6 (Out of 6).

### Checking for the presence of Rashi-Koota Agreement -

The boy's janma-rashi is Virgo, while the girl's janma-rashi is Capricorn. These two rashis are mutually in unfavourable trikona (5-9) relationship with each other -- which is indicative of unhappiness in married life owing to lack of or ill-health of offsprings, or on account of progeny -- who might later prove to be quite

unworthy. As such, on this account, the Koota-agreement contribution score is = 0 ; unless some very strong counter-acting influences are present in both the charts, then marriage should not be recommended.

### **Checking for the presence of Nadi-Koota Agreement -**

The boy's Nadi falls in +ÉÊq category, while the girl's Nadi falls in category +{IÉ. As the Nadis of the boy and the girl does not belong to the same category, the indications are favourable. Marriage between the two parties can be recommended-- provided the total of Koota-agreement score does not become less than 18 points. The contributory score on this account is = 8.
